## Frisco Agents Meet.

The Frisco Freight Agents' Association of the Third Division met in this city Tuesday, and they were a jolly set of good fellows. The agents meet solely to devise ways and means for the general betterment of "Frisco Service," hence their meetings are exclusively for business, the social feature being merely coincidental. The agents were welcomed in an appropriate address by Von Mayes. The Odd Fellows extended them the use of their hall for the meeting, and the ladies of the Baptist church served them with dinner and supper, for both of which courtesies the agents desire to extend their thanks.

"NATIONAL HERO SERIES" NO. 4

## Lord Nelson—Old England's Great Naval Hero

WITHOUT Horatio Nelson, England would have been invaded and perhaps conquered by Napoleon. At Trafalgar he smashed forever the French Emperor's hope of creating a naval power. Never was man more idolized and beloved—not only by all of England's people who breathlessly awaited news of his telling victories, but by every man of his fleet. A true Anglo-Saxon, he detested tyrannous powers and legislative usurpations of every kind. He was particularly opposed to prohibitive enactments governing the diet of his men, who, like him, enjoyed Barley-Malt brews, even as their fathers did for countless generations before. Good beer, according to Lord Nelson, has ever been

good food. Budweiser Beer for 57 years has been the product of an institution holding the highest ideals known to the ancient art of brewing. The output, due to Quality and Purity, has increased every year until 7,500 men are daily required to keep pace with the public demand. Budweiser sales exceed any other beer by millions of bottles.

Bottled only at the home plant.
